Off the top of my head I would think it would just look a lot neater to send them individually with just their own name in the address block.

I am working on another case today (b) (7)(A) but I'll get this reviewed before the end of the week and get back to you. Thanks, you were really quick on this! :)

Melissa,

Here is a first draft of the show cause letter. One question for you: Right now I think we have four possible respondents – Joseph Martin, Ernest Martin, Fred Tichnell and Fast Freddy's LLC. Do you think we should send to each respondent their own version of the letter addressed to them individually or send each respondent the same letter with four address blocks?
